

Staff Congress: At-A-Glance

June 3, 2019

UPDATE: President Morgan

Dr. Morgan:

- Thanked the outgoing Executive Council and representatives of Staff Congress for their good work in the last year.
- Asked employees to let Kim Oatman's team know if any summer camps or events may be effected by the various facilities projects going on, including pressure washing, restriping on the streets, and clean-up.
- Announced that all unrestricted employees on the payroll for at least the last full year will receive a one-time \$400 supplement. After an evaluation of university finances, it was determined the budget was stable enough to extend the extra compensation, particularly keeping in mind lower-level employees. The cost to the university will be roughly \$400,000. Employees in restricted, grant-funded, and soft-funded pay categories should be referred to their AVP.

- Another Ad Hoc committee was assembled to review PGs. Chair Purnell and Vice-Chair Pace have been serving as staff representatives during the review process. Tim Hare, Katy Carlson, Harold Nally, Karen Napier, President Morgan, and Jill Ratliff have also all been a part of the review. No substantive changes have been made to PGs. The initial review is part of the SACSCOC accreditation process and only minor updates in titles, offices, and grammar have been made. The Board of Regents will be presented with any changes in mid-July and voted on in August. Policies being flagged for more substantive changes in content will be reviewed in the next cycle of the review. In the new business portion of this June meeting, Staff Congress will vote to approve any minor updates.

Staff Issues:

***Committee Chair Maxey** reported their group is sharing all staff concerns that were submitted. The following staff concerns were submitted and received responses since the May 2019 meeting:

****CONCERN (submitted 4/16/2019)****

Once again, the safety and security of our University has been called into question. Although there have been some moves in the right direction, our Police Department has still been grossly under staffed, specifically in the dispatch center.

There are currently three full time, certified dispatchers, one slated to go to the academy and one part timer, who has another full time job...this is for 24 hours a day, 7 days a week. They are forced to work EXHAUSTING hours of overtime just to ensure that there is coverage. The president has denied the hiring, yet again, of another full time dispatcher to ease the load.

I don't know if he just doesn't comprehend the danger he is putting not only his Police Officers in, but also the community as a whole. There is no way these shifts and this strain can continue to happen and the staff that is already employed be expected to exhaust themselves. Something MUST BE DONE.

RESPONSE (from Russ Mast, Vice President Student Affairs):

The MSU police department is approved for four full-time dispatch positions, along with approval to hire part-time dispatchers to assist in coverage. There is a total of 168 hours of coverage needed to staff Police Dispatch on a 24 hour, seven days per week schedule. With four full-time dispatch employees at 40 hours per week, that provides the police department with 160 hours of coverage. The part-time employees hired for dispatch should be able to cover the remaining 8 hours of the week, along with any sick or annual leave time incurred by the four full-time dispatchers.

****CONCERN (submitted by 5/16/2018)****

How is it fair that Enrollment Services gets supplemental pay for a position lost, but other departments aren't? We have picked up just as much work.

RESPONSE (from Harold Nally, Human Resources):

This is a personnel matter that human resources will not respond to.

****CONCERN (submitted 5/16/2019)****

Why is an Academic Dept. Specialist position now requiring a Bachelor's degree??

RESPONSE (from Harold Nally, Human Resources):

The responsibilities set forth in the position description justified requiring a Bachelor's degree.

Discussion:

Rep. Lynam pointed out that new job postings now require bachelor's degrees, but not existing positions. She did not necessarily feel the job duties were different. Harold Nally indicated that new job duties had been added.

****CONCERN (submitted 5/17/2019)****

I see, yet again, the safety of our campus community is being ignored by the administration. Reference the May 2019 Staff Congress Newsletter. A member of the MSU community voiced a real and valid concern, yet the administration did not even bother to respond.

Running a 24/7 department with four full time dispatchers, one of which is not even fully trained yet, is a disaster waiting to happen. The fact that the administration either does not comprehend this, or simply does not care should be a real concern for not only the Police Department, but all faculty, staff, students and their families. Being severely understaffed and working a ridiculous amount of hours leads to mistakes, as studies show.

I personally do not want our dispatch center to be so over worked that they make a mistake and someone gets hurt. By not answering the concern of an MSU community member, the administration has only proven

that the safety of our faculty, staff and students is, in fact, not a top priority, as they continuously like to boast.

RESPONSE (from Russ Mast, Vice President Student Affairs):

****CONCERN (submitted 5/17/2019)****

I was surprised to see that staff concerns essentially will no longer be anonymous. I understand that a few concerns that have come through have been more of a complaint, however, by asking staff to contact their staff representative if they feel their staff concern should be published when it wasn't, no longer makes that staff concern anonymous.

In addition, you are censoring the voices of the staff. It makes me wonder if this anonymous concern will make it into the newsletter because you don't like that I criticized your policy.

RESPONSE (from Staff Concerns Committee):

Staff Concerns are still anonymous as long as they are a concern that effects University staff and not individuals, does not slander, or is unprofessional. The form was designed to facilitate two-way communication between staff and University leadership with respect to institutional issues. If you do not feel comfortable placing a work order when your concern is about facilities problems, IT issues or parking then you can contact your representative for assistance. We are proud of the hard work of this committee. Many issues have been addressed and corrected.

****CONCERN (submitted 5/20/2019)****

I previously asked a question about staff evaluating chairs and deans. Human Resources responded that MSU's Performance Management System does not have the capability of allowing employees to evaluate supervisors. However, faculty receive an online survey in order to evaluate chairs. If faculty receive this survey, why are staff within the unit not included?

RESPONSE (from Harold Nally, during meeting):

Nally will meet with the Provost to get an answer.
